

QUICKSILVER RESOURCES INC.

PIRTLAW PARTNERS LTD 32-09H DRILLING PLAN

ROUTT COUNTY, COLORADO

Quicksilver plans to drill the pilot hole to 8,500' and run logs. Based upon the results of the logs we plan to set cement plug from TVD @8,500' to 6,800'. We will then kick off @  $\pm 6,800'$  and land at  $\pm 7,300'$  and drill a  $\pm 5,761'$  lateral in the Niobrara. We will set 5-1/2" production casing as shown on the Form 2 and test the well. The estimated top of the Niobrara is 6,250'.
