Re: Colorado Parks & Wildlife- Onsite
Wells Permitted on Equus Farms, Inc. Owned Surface

To whom it may concern:

The Colorado Oil and Gas Conservation Commission (COGCC) has specific guidelines and procedures regarding onsite and consultations prior to permit approvals. It is my understanding that I, as the surface owner, have the right to waive or disallow the Colorado Parks and Wildlife (CPW) to be involved during the onsite process or to place any Conditions of Approval (COA) or BMP's on the applicant's permit.

It is my desire to waive and/or not allow the CPW to conduct an onsite or place COA's/BMP's on well sites located on my surface property. Your understanding in this matter is greatly appreciated.

Sincerely,

A handwritten signature in black ink that reads "William J. Miller".

William J. Miller
