EF D31 595 pit closure
REM # 7781
Location ID # 335674
Pit Facility ID # 432831
API # 045 14649
Garfield County

Dear Mr. Jensen,

Colorado Oil and Gas Conservation Commission (COGCC) staff has received the No Further Action Request letter submitted on May 28, 2013 for the referenced site. Based on the review of data presented, it appears that no further action is necessary at this time at this site. However, should future conditions at the site be discovered of contaminant concentrations in soils exceeding COGCC standards or if groundwater is found to be significantly impacted, COGCC may require that further investigation and/or remediation be conducted.

The pit status was changed to Closed (CL) back in May 2013 but the remediation project remained open. It is closed now. If you require any additional information, please call me at (970) 625-2497.

Sincerely,

Carlos Lujan, Ph.D.
Environmental Protection Specialist
NW Region
