Comment:

This is an Atlas Resources, LLC well. Surface casing was set with a separate rig prior to moving the coiled tubing drilling rig to the wellsite. Subsequently, it was decided not to complete drilling of the Niobrara test wells. Status: waiting on decision to drill. GPS Data will be submitted when well is completed.
Cement ticket states the wrong range number (943 on ticket), but is the correct cement ticket for this well.
Logs won't upload, will email to Larry.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
