Dear Dusty:

As you are aware Mull Drilling Company, Inc. ("MDC") plans to drill the above referenced well on your land in Cheyenne County, Colorado, approximately December 26, 2013.

The original drilling location was staked on September 16, 2013 and MDC submitted the necessary paperwork to drill this location with the Colorado Oil & Gas Conservation Commission ("COGCC") on October 8, 2013.

After reviewing our paperwork, the COGCC noted a surface water feature that runs directly through this location. MDC made the decision to move this drill site out of the water feature and the location was re-staked on October 31, 2013, 374' NW of the original stake (647' FSL & 1575' FEL). We are now in the process of re-submitting this new drill site location to the COGCC.

If you have any questions regarding this revised drill site location, please give me a call.

Sincerely,

Dear Dusty:

Mull Drilling Company, Inc. ("MDC") plans to drill the above referenced well on your land in Cheyenne County, Colorado, approximately December 26, 2013.

As you are aware, the first step in this process is for a surveyor to go out to your land and drive a wooden stake into the ground at the proposed drillsite and this was done on August 14, 2013. We are currently in the permitting process in Colorado which involves several forms, maps and plats that we file with the Colorado Oil & Gas Conservation Commission ("COGCC").

We have also included with this letter a brochure prepared by the COGCC entitled, "Oil and Gas Well Notification, Consultation, and Reclamation Rules: Information for Oil and Gas Operators, Surface Owners and Surface Tenants." Also included is a form for you to fill out and send back to MDC in the enclosed postage-paid envelope. Please provide the following information on the form:

1. Circle either **waives** or **does not waive** on the **Thirty-Day Notice Waiver** section. This letter satisfies the COGCC requirement (Rule 305) to provide 30-day notice before drilling.

If you circle **does not waive**, then in addition to this letter, we will also send you copies of the COGCC Form 2A, a list of major equipment components, well location plat & topographic map, ingress map as they become available. We will also send you notice of any subsequent well operations that will materially impact surfaces beyond existing road or well sites and notice of final reclamation of the drillsite.

If you circle **waives**, then we will not send you a copy of the COGCC and surveyor forms or provide the additional well operations & final reclamation notices. We will still contact you, or your designated representative, prior to moving any machinery onto your land in preparation to drill this well.

2. Circle either **requests** or **does not request** on the **Request for Consultation Meeting** section. A good time to have a consultation meeting is when we have surveyors out on your land to stake the well, which is when this occurred on this location. If you would prefer to meet a different time and location, please indicate your preferred date, time and location.

3. Please fill out the **Designated Representative (Agent/Tenant)** with the name and contact information of the person you would like to designate to meet with an MDC employee for the above consultation and who we should contact prior to the start of drilling operations. This can be a tenant, an agent or yourself.

4. Please print your name, telephone number, sign and date in the appropriate blanks under the **Surface Owner** section.

The MDC field employees which you will likely be in contact with are the following:

Carl Smalley, Environmental Manager	Cell Phone: (719) 342-1812
Bill Stutz, Cheyenne County, CO Production Foreman	Cell Phone: (719) 343-5182
Tracy Akers, Kiowa County, CO Production Foreman	Cell Phone: (719) 342-1813

If you have any questions about this letter or the enclosed form, please give my assistant, Tannis Tritt (800-658-1632, Ext. 122), our Land Manager, Ava Ross (Ext. 121) or me (Ext. 113) a call.

Sincerely,

Dear Ms. Cullens:

This letter shall serve as notification by Mull Drilling Company, Inc. (MDC) of drilling operations for the APC-Betty #1-27 well at the location described above. We anticipate this well will be drilled in the later part of December 2013.

MDC previously sent you a permit package on October 8, 2013 for the APC-Betty #1-27, but since that time MDC has revised our drilling location for this well site. We have re-submitted this new location this date to the COGCC and have enclosed the new revised permit package for your records.

If you have any questions, please don't hesitate to contact me.

Sincerely,
