Mr. Matthew Lepore:

Catamount Energy Partners, LLC ("Catamount") intends to drill the above referenced horizontal gas well to the Fruitland Coal formation from a well pad to be located as described above. The proposed well is being permitted as exception locations to avoid additional surface disturbances on the surface owners land. Catamount has obtained a waiver from the surface owners in the form of the recorded Surface Use Agreement between the Ben Nighthorse Campbell Revocable Trust and the Linda A. Campbell Revocable Trust and Catamount Energy Partners, LLC. The waiver can be found in the second to last paragraph on page 4 of the enclosed agreement. Catamount has also obtained a waiver from the adjacent surface owner whose property is less than 150' from the above captioned well in the form of a recorded Surface Use Agreement between the Tony Ray Whittle Trust UTA and Catamount Energy Partners, LLC. The waiver can be found on the third to last paragraph on page 5 of the enclosed agreement.

Thank you for your attention to this matter. Catamount respectfully requests that the COGCC review the enclosed information and approve the Exception Location Variance and Application for Permit to Drill the captioned well.

Sincerely,
Catamount Energy Partners, LLC
