Report for P/A conductors

Rod Cogburn

9/30/13

**On September 19, 2013 four conductors were Permanently Abandoned on the D23 596 pad as shown in Photo 1.**

The plates are labeled with the proper API and location numbers. Photo 2

Cement was pumped to surface as shown. The metal plates were then welded atop each conductor.

The PDOP and coordinates are tabulated along with the cement volumes.

Date of P/A	API Number	Well Name	Recorded PDOP	Latitude (NAD83)	Longitude (NAD83)	Concrete Volume

In the event of delivery beyond curblin, this company will not assume liability for damage to sidewalk, driveway or other property. The purchaser shall in no event accept deliveries of materials not in accord with the agreement of the parties, but such materials shall be refused by the purchaser and returned to the seller with a written statement of the reason for the refusal thereof. Otherwise, receipt of such materials and the signature of the consignee or the consignee's agent shall preclude any and all claims by purchaser. No cancellation accepted after concrete has been loaded in carrier's truck at our plant.

NOTE: This concrete contains correct water contents for strength of mix indicated. We do not assume responsibility for strength test when water is added at customer's request.

Because the conditions of use and application of colored concrete are beyond our control, Casey Concrete makes no warranty of merchantability or fitness for any particular purpose and expressly disclaims liability for consequential or incidental damages, whether based on warranty or negligence.

Water added on job at customer's request

CONTACT WITH WET (UNHARDENED) CONCRETE, MORTAR, CEMENT, OR CEMENT MIXTURES CAN CAUSE SKIN IRRITATION, SEVERE CHEMICAL BURNS OR SERIOUS EYE DAMAGE. Wear waterproof gloves, a long-sleeved shirt, full-length trousers, and proper eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are high enough to keep concrete from flowing into them. Wash wet concrete, mortar, cement, or cement mixtures from your skin immediately after contact. Indirect contact through clothing can be as serious as direct contact, so promptly rinse out wet concrete, mortar, cement, or cement mixtures from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult a physician immediately. KEEP OUT OF REACH OF CHILDREN: USER AGREES TO CONVEY THIS WARNING TO ALL PERSONS WHO MAY PURCHASE, USE OR COME IN CONTACT WITH WET (UNHARDENED) CONCRETE, MORTAR, CEMENT, OR CEMENT MIXTURES.
