Kyla,

This email summarizes our phone conversation from this morning concerning the referenced Form 2A Oil & Gas Location Assessment. Because the Nighthawk Production SNOWBIRD 1-15 well will also be on this location, I will withdraw its Form 2A (Doc #400507018) and it will be captured on this ARIKAREE CREEK SWD 1 Form 2A. Please provide me with an updated Facilities list that includes all wells and associated production facilities that are proposed for this location. Please send me this by December 18, 2013. If you have any questions, please feel free to contact me. Thank you.
