Please proceed as proposed.

We really like API numbers please. it makes it a surer thing at our end to communicate with accuracy.

Thank you,

Diana

Subject: Anschutz state 5-62-25-1080BH plugging plan

Freeing the pipe was unsuccessful.

So we we plug the well as we discussed earlier today and the plan is documented in the attached.

We will then skid 20' north and redrill the well. As we discussed, we will get the paperwork to you by closing Wednesday.

We should get backed off tonight and set first plug early in am.

Any questions, call me at 713-203-2174

Hi Barbara,

Here are the document numbers for the paperwork on this Lost Hole Rig Skid. Just submitted everything a few minutes ago. A form 5 and form 6 (SR) will be submitted within 30 days. I spoke with Doug Andrews and he advised me to add the new well to the 2A via sundry.

Form 6 – 400524877

Form 2 – 400524880

Form 4 – 400524884

I attached the procedures that Dirk sent me a few months ago in case you wanted to see what I was looking at earlier.

Thanks for your help.

Mary Pobuda
