Mr. Allison,

I am submitting the Form 19 for this truck load out incident. We have taken samples twice and still need further excavation to get to clean soil. The crew was scheduled to be back on the location this morning to attempt to get the remainder of the impacted soil removed from this location. I will complete the Form 27 once we have clean confirmation samples.

Thanks,

Tom Peterson

Subject: Noth Platte P-T-34HZ Incident

Mr. Rudisill,

This morning the field reported an incident at our North Platte P-T-34HZ location. A truck driver was

loading oil from a production tank and had a vent line issue which released approximately 2BBLs of oil on the ground outside of containment. The crew was dispatched to this location to begin cleanup operations.

North Platte P-T-34HZ

API # 05-123-35968 / COGCC Location # 429920

SESE Sec 27 – T5N – R63W

Intersection of CR52 & 69

Approximately 2BBL oil released outside containment.

I will follow up with a copy of our Form 19 once completed. Please let me know if you need anything else in this initial report.

Thanks,

Tom Peterson
