Liz,

I have reviewed the referenced Form 2A Oil & Gas Location Assessment and have a few comments.

1) During my review I identified a High School approximately 3,800 feet northeast of the oil and gas location. Therefore, I will change the distance to the nearest High Occupancy Building Unit from 5,280 feet to 3,800 feet.

2) Per COGCC Rule 303.b.(3)J.iii, please provide me evidence that the Building Unit owner within the Buffer Zone received their pre-application notice from PDC Energy.

Please respond with the requested items by January 13, 2014. If you have any questions, please feel free to contact me. Thank you.

Doug,

1) Approved

2) During the training meetings for the new rules and subsequent meetings with both Greg and Jane, it was determined that a Pre-Application certification letter from the operator would be acceptable under Rule 303.b(3)J.iii. unless there was a dispute and then we would need to provide our back up to our certification. Has the COGCC changed their minds on this?

Thank you,

Liz

Liz,

No we have not. However, no letter from PDC certifying the Building Unit owners received their pre-application notice was included with this Form 2A.

Liz,

Now that the public comment period has closed, please let me know if any meetings with Building Unit owners and PDC Energy occurred and if any concerns were expressed by the Building Unit

owners either during a meeting or in any correspondence (phone, letter, email, etc.) with PDC.

As a final step in the Form 2A notification process, per COGCC Rule 604.a.(2), please send me a signed letter on PDC letterhead certifying that PDC has complied with Rule 306.e. concerning meeting requirements.

Thank you.
