April 10, 2013

Mr. Walter L. (Buddy) Draper  
P.O. Box 94  
Wetmore, CO 81253

Dear Mr. Draper

The Colorado Oil and Gas Conservation Commission (CGOCC) have adopted guidelines and procedures regarding activities affecting the land surface. These rules stipulate that affected surface owners must be given notice in writing, by the operator, prior to drilling an Oil or Gas well at least Thirty Days (30) prior to drilling.

Javernick Oil intends to begin operations to drill the above referenced Oil well in the NENE of Section 28, Township 20S, Range 70W of the 6<sup>th</sup> PM, Fremont County, CO, 30 days from the date of this notice or sooner if approval to waive the notice requirement is given below.

Enclosed is a map of the well location and check for \$1,000.00 for any surface scaring which may result. We would like to meet with you to discuss what we need to minimize the impact on you from our egress and ingress. We will be diligent in respecting your property and will drill only during daylight hours.

Regards,

  
Salene A Javernick  
Owner

I waive the notice requirement and hereby authorize Javernick Oil to begin operations upon Receipt of the drilling permits from COGCC.

  
• Walter L. Draper
