Re: Request for Exception to Rule 318A(a)  
Eberle Pad - 6 Horizontal Wells - 13-32NHZ, 13-32CHZ, B-32NHZ,  
B-32CHZ, 14-32-31NHZM, 14-32-31CHZM  
NESE of Section 32, Township 1N, Range 66W  
Weld County, Colorado

Dear Mr. Eberle,

Synergy Resources Corporation plans to drill the above oil and gas well(s) from the above described surface location.

Rule 318A(a) of the Colorado Oil and Gas Commission's Rules and Regulations requires the well(s) drilled in a square with sides four hundred (400) feet in length, the center of which is the center of any quarter/quarter or a square with sides eight hundred (800) feet in length, the center of which is the center of the quarter section.

Please waive this requirement below showing your approval of the new well(s) being drilled at the location referenced above. Should you have any questions, please contact Craig Rasmussen at 970-737-1073

Sincerely,

Craig Rasmussen  
Synergy Resources Corporation

Craig

I went to Boulder and met with my father on Sunday, he signed the Request for Exception to Rule 318A(a), see attached.

I informed him of our neighbor Vaughn and explained how he has reacted to the new oil wells to be located on the Eberle land, I described the language he used on the phone at the Synergy. I also informed him that I had received a call myself and what was said to me.

My father is old school and feels everyone should be held to a civil standard of conduct and professionalism. When someone acts out like he has they need to be addressed carefully with them here on out. My father and I both agree, in our opinion you should play hard ball with him. Fire with Fire. He will surely take what you offer, want more and then turn around and bite you if he

My father said he hopes you are successful in your offer to buy the Vaughn property so we won't be subjected to retaliation from a unreasonable person like him.

We feel Synergy has treated us fairly and honestly and we will be available to help you with moving forward with the placement of the oil wells on our property.

Dave-

I wanted to keep you informed of a few items-

I am meeting a gentleman on your property tomorrow morning to have him price a temporary noise and light mitigation wall to help with any neighbors concerns-

Also, I'm required by the State Permit process to have an on-site meeting to answer any questions for the 11 neighbors that live within a 1500' foot radius---

I plan on doing this on Saturday January 11th at 10am-- you may or may not attend-- its up to you

Lastly- I have attached an Exception location the State requires you execute acknowledging where we are planning on drilling from--- Call me if you have any questions once you read it Monday-

Thank-

Craig Rasmuson
