Miller South #1 CaCl Release Groundwater Report and NFA Request: Remediation#7412

Allison - DNR, Rick <rick.allison@state.co.us>
To: Jacob Evans <jevans@nobleenergyinc.com>

Tue, Feb 11, 2014 at 2:06 PM

Jacob,

COGCC has reviewed the Monitoring Report and No Further Action request for the Miller South #1 CaCl Release. No Further Action cannot be granted at this time because chloride concentrations in the release area exceed the COGCC Table 910-1 Standard for chloride of <1.25 background concentrations.

Continued ground water monitoring is required at this location.
