Watkins, Co 80137

**Subject: Form 4 Sundry Notice – Watkins 30-5 8H, 5H, 4H, 5GH**

Dear Mrs. Aldrich:

To aid in the submittal of a Form 4 Sundry Notice, please accept this letter as record of CB&I's actions to meet the requirements for baseline water monitoring as part of the Colorado Oil and Gas Conservation Commission (COGCC) Rule 609 for the proposed Watkins 30-5 8H, 5H, 4H, 5GH locations (Locations).

On January 9, 2014 CB&I attempted to sample well permit no. 58889. However, upon searching the property no evidence of a sampleable well could be located. Therefore, due to the absence of water wells located within ½ mile of the Locations, it is recommended that a Form 4 Sundry Notice be prepared for the Locations.

To meet the requirements of ConocoPhillips' MOU with Arapahoe County, CB&I will proceed with attempts to collect a baseline sampled from well permit number 202279 located within 1 mile of the Locations.

If you have any questions regarding this letter please don't hesitate to contact me at 303-741-7052.

Sincerely,

Daisie Young, G.I.T.  
Geologist, CB&I
