## OPERATOR COMMENTS AND SUBMITTAL

Comments

I hereby certify that there have been no changes to this permit. The land use description has not changed nor has our proposed action. The access road and well pad have not yet been built. There will be no pits constructed at this site and there will be no additional surface disturbance. This location does not need a variance and is not in a surface occupancy area. It is a split estate location and the BLM has leased the mineral estate to the Dan A. Hughes Company, who owns the surface estate and is also the operator. The BLM has recently approved the APD and we are currently dealing with County COA's which requires School to be out of session before we can begin the well.

This application is in a Comprehensive Drilling Plan \_\_\_\_\_ CDP #: \_\_\_\_\_

Is this application being submitted with an Oil and Gas Location Assessment application? \_\_\_\_\_ Yes
