COMMENTS:

Location of the well is needing to be moved due to a P&A well in the area being shown in the wrong location on the State GIS maps than what our surveyor found in the field. Our original pit location would have been built over the P&A well. The P&A well is the Bringelson 5-20. API number 05-123-18956

Operator Comments:

Capacity of the pit will stay the same however the dimensions are now Length: 400 Width: 400 Depth: 12. Calculated work volume at 365 bbls stays the same. Inflow rather in bbl/day at 15360 will stay the same as well. Revised drawings and photos are being attached. BMP also stayed the same but was retyped for reference.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
