Michael,

I have reviewed the referenced Form 2A Oil & Gas Location Assessment and have the following comment.

Per COGCC Rule 303.b.(3)C, please provide me with a description of all existing and proposed oil, gas, and/or water pipelines on this oil and gas location.

Please respond to this correspondence by March 21, 2014. If you have any questions, please feel free to contact me. Thank you.

Doug,

Here is my response to your concerns below.

1) Onsite pipelines, All pipe is 3" Sched 80 welded steel underground. 340' from the wells to the treater. 125' (2 lines) one oil and one water from the treater to the tank battery, 125' carrying gas from the treater to the flare.

Let me know if you need any additional information.

Sincerely,

Michael L. Brown
