Township 6 North, Range 67 West, 6th P.M.
Section 26
Weld County, Colorado

Dear Director:

Great Western Operating Company, LLC is planning to drill the above mentioned well to the Niobrara formation.

The surface location of Great Western's proposed wells has been staked outside of the 318A.a drilling window. The location is being permitted as an exception location. This location is a good location to both reduce the impact on the surface owner and to increase the number of wells reachable from one well pad to minimize surface disturbance. Please find the attached signed location 318A.a waiver.

Rule 318A.c of the Colorado Oil and Gas Conservation Commission (COGCC) Rules and Regulations requiring the wells drilled greater than 50 feet from a well unless safety or mechanical consideration of the well to be twinned or topographical or surface constrains justify a location greater than 50 feet the operator shall provide consent to the exception signed by the surface owner on which the well is proposed to be located in order for the Director to approve the well location.

Great Western Operating Company, LLC respectfully request that the COGCC review the enclosed information and approve the requested exception location waiver and Application for Permit to Drill the above captioned wells.

Respectfully,

Callie Fiddes

RE: Rule 318A.c.(2) Surface Locations

Township 6 North, Range 67 West, 6th P.M.
Section 26: SENW; SESW
Weld County, Colorado

Dear Windsor Renewal I, LLC:

Great Western Operating Company, LLC ("Great Western") plans to drill oil and gas wells from the above-described surface locations.

The Colorado Oil and Gas Conservation Commission Rule 318A.c. (2) states that, "when an operator is requesting a surface well location greater than fifty feet (50') from a well, the operator shall provide a consent to the exception signed by the surface owner on which the well is proposed to be located in order for the Director to approve the well location administratively."

For safety and mechanical considerations, as well as surface constraints, Great Western is seeking from the COGCC an exception to this rule. Please indicate your consent to the COGCC waiving this requirement by signing below.

Respectfully,

Philip Hancock
Contract Surface Landman
Great Western Operating Company, LLC
