Bohlender D 20-4 ~ NWNW S20-T3N-R64W ~ API #05-12316669 ~ Spill #2146796 ~ Remediation Project #8208

Jacob,

COGCC has received the Form 27 submitted for the above referenced facility. The Form has been approved and assigned Remediation #8208; a copy is attached.

Based on review of information presented it appears that no further action is necessary at this time. However, should future conditions at the site indicate contaminant concentrations in soils exceeding COGCC standards or if ground water is found to be significantly impacted, further investigation and/or remediation activities may be required at the site. The Spill ([#2146796](#)) and Remediation number have been closed in the COGIS database (document #200396389). Please retain a copy of this email as verification of No Further Action required.

Thank you,

Annie
