COMMENTS:

Request to extend the BHL spot from 600' FNL to 100' FNL as per the rule 535-314 and recently approved 535-414. The end well was permitted at 600' FNL as the off-set unit spacing did not match the unit spacing for the well. The off set unit spacing is now approved for a 100' set-back.

Description

Operator Comments:

Request to extend the BHL spot from 600' FNL to 100' FNL, Sec 23-T10N-R58W as per rules 535-314 and 535-414. The end well was permitted with a 600' setback due to the off-set unit not having identical spacing. The of-set unit was spaced under 535-414 and has a 100' Heel-toe setback.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
