Brandon,

Another reason I don't like Sundry Notices. I am requesting a soil sample closer to the impact as we discussed a month or so back. The Remediation Project is still open.

Morning Rick, I wanted to get clarification on the attached Sundry Notice for the Lundvall Up 2-19. On the last page of the sundry, it states that the sundry is approved but then in the description you state that the NFA request is not approved. I cut this section out and included it below. I just wanted to clarify if additional work is needed for the project or if the NFA is approved? Thanks!

Based on the information provided herein, this Sundry Notice (Form 4) complies with COGCC Rules and applicable orders and is hereby approved.

COGCC Approved: ALLISON, RICK

Date: 5/15/2014

CONDITIONS OF APPROVAL, IF ANY:

COA Type	Description
	The request for No Further Action is not approved. Soil sample locations BH01 and BH02 do not coincide with the area of previously impacted areas at SS02 and SS09. A confirmation soil sample must be collected from the area of impact and remediation. Specifically, collect confirmation soil samples from the March 2013 soil sample locations SS02 and SS09.
