This inspection for reclamation purposes only. Site does not meet rules 603, 1002, or 1004. Another final reclamation/bond release inspection will not be conducted by COGCC until a form 4 is sent in for each well and/or facility with the following attachments; 1. An invoice showing that all work has been completed on the site that directly relates to the actions required on this inspection. 2. Photographs of the vegetation in four cardinal directions as well as one close up of the plant community. Photographs will also be required documenting any corrective actions required. 3. Vegetation monitoring information conducted by a vegetation expert showing that the vegetation community meets the 80% standard in the rule. 4. Failure to complete the corrective actions as indicated in a prompt manner may result in enforcement actions.	GoodwinA	06/23/2014
