**NWNE Section 5, Township 5 North, Range 66 West**

Dear Mr. Lepore:

Synergy Resources Corporation (Synergy) is planning to drill the above referenced wells to the Codell/Niobrara formations.

The surface locations of Synergy's proposed wells have been staked outside of the COGCC Rule 318A.a. GWA Drilling Window and are being permitted as exception locations. Synergy has obtained written permission from the surface owner by way of a signed waiver.

Synergy respectfully requests the COGCC review the enclosed information and approve the requested exception location waiver and Application for Permit to drill for the subject wells. Many thanks.

Respectfully,

Sonia Spencer  
Project Management and Permitting  
Agent for Synergy Resource Corporation
