SRC Wiedeman 22-5-4CHZ Well: 1477' FNL, 2486' FEL, Sec 5 T5N-R66W, Weld County, Colorado

Dear Surface Owner,

Synergy Resources Corporation (SRC) plans to apply to the Colorado Oil and Gas Conservation Commission (COGCC) to drill the above referenced wells at the described surface location. Colorado Oil and Gas Conservation Commission Rule 318A.a stipulates that a Greater Wattenberg Area (GWA) well surface location must be within a 400' by 400' drilling window centered at the center of each quarter-quarter section, or inside a 800' by 800' drilling window centered at the center of each quarter section. The above wells surface locations fall outside of these windows.

Additionally, COGCC Rule 318A.c stipulates that a GWA well surface location shall not be less than 50' from an existing well. As planned, these well surface locations are greater than 50' from an existing well.

Per COGCC Rules SRC is required to get surface owner approval of this location and a waiver of said rules 318A.a and 318A.c. The wells are spotted as above in order to minimize surface disturbance while complying with your wishes and the Surface Use Agreement.

Should you find this acceptable please indicate so by signing the below section and returning the signed letter. Please contact the undersigned at 970-737-1045 or crasmuson@syrinfo.com with any questions.

Sincerely,

Craig Rasmuson  
Chief Operating Officer  
Synergy Resources Corporation

I, Gary W Wiedeman, acting as self, officer, agent, trustee, or employee of Wiedeman Family Farm, LLC, surface owner of the above described lands, with full power to execute the following, do hereby approve of Synergy Resources Corporation Wiedeman wells as listed above on said lands in the NW/4 NE/4 Section 5 T5N-R66W and grant a waiver to COGCC Rule 318A.a and 318A.c granting that these wells may drilled as planned.

Signed Gary W Wiedeman this 4 day of June, 2014
