Compliance Summary:

QtrQtr: SWNE Sec: 14 Twp: 5N Range: 96W

Inspector Comment:

Environmental staff on location to inspect location number 312773. Operator should ensure actions required from previous inspections are completed, the status of this inspection address specific Environmental items document here and does not necessary address previous required action required. Pit has some residual hydrocarbon, no liquid hydrocarbon present. No netting installed. Weeds are present around the entire perimeter of pit and tank battery, weeds are nearly waist high. Operator should treat water sufficient to remove any oil or condensate prior to placing water in pit, per rule 907.c(1). Operator should review rule 902.c for guidance on pit operation. Operation of pit outside of the guidance will force the Director to execute the revocation of pit permit number 284545. Operator should submit a Form 42 Notification after visible hydrocarbon is removed from pit.
