RE: Township 9 South, Range 55 West, 6th PM
Sections 5 and 8: Request for Exception Locations under Rule 318.c
GAEDE A9S-55W-05-85 and GAEDE 9S-55W-08-16 Wells

Dear Mr. Gaede:

Cascade Petroleum LLC ("Cascade") intends to drill the above referenced oil and gas wells upon the surface of the above locations.

Colorado Oil and Gas Conservation Commission ("COGCC") Rule 318.a requires that wells drilled to a depth of 2,500 feet or greater shall be located not less than 600 feet from any lease line. However, COGCC Rule 318.c permits the COGCC Director to grant exception locations. Cascade plans to drill the two (2) wells identified above closer than 600 feet from the lease line. To obtain exception locations for the above wells, we request that you execute the below waiver permitting the wells be drilled closer than 600 feet from the lease line.

Please indicate your approval of the requested exception locations for the two (2) identified wells by signing the waiver below in your individual capacity and as Trustee.

Thank you for your attention to this matter. Please do not hesitate to contact me should you have any questions.

Sincerely,
CASCADE PETROLEUM LLC

M. Todd Ritchie
Landman

I waive the COGCC 318 location requirements and approve the exception locations identified above.

C. Andrew Gaede
