COMMENTS

Black Hills Corporation (Black Hills) is requesting an exception to sampling requirements set forth by COGCC Rule 609 due to an inability to locate available water sources. As shown in the attached map the Division of Water Resources (DWR) has listed three (3) water wells within a 1/2 mile of the Homer Deep 9-11 Pad. Of the three wells one (1) was sampled, permit number 280716, and submitted to the COGCC under the facility number:753656. The two (2) additional wells, permit numbers 69666 and 69668, located within a 1/2 mile were identified as being owned by Maralex Corp. After speaking with a Maralex representative it was found that both wells are not in existence. This was confirmed in an onsite visit on 09/04/14.

Black Hills is requesting that an exception of three (3) water wells be omitted from the COGCC 609 requirements for the Homer Deep 9-11 pad for the above mentioned reasons.
