Dear Mr. Docheff:

This surface Letter Agreement (“Letter Agreement”) will confirm and set forth the terms of an agreement that Kerr-McGee Oil & Gas Onshore LP (“KMG”) and 4D Dairy LLC (“4 D Dairy”) reached in our conversation of April 5, 2011, concerning the operations of KMG on the property referenced above that is owned by 4D Dairy (the “Property”). We agreed to execute this Letter Agreement to allow KMG to move forward with its oil and gas operations while we negotiate a more detailed and definitive surface use agreement. The promises exchanged in this Letter Agreement are valuable consideration and a memorandum of this Letter Agreement will be recorded in the records of Weld County, Colorado. Attached and made part of this agreement is Exhibit A which depicts the drilling and bottomhole locations of the wells. Accordingly, the parties agree to the following:

1. KMG shall have the right to drill the wells identified in paragraphs 3 and 4 below that produce from and drain lands other than the Property.
2. KMG may not drill vertical wells on the Property.
3. KMG may drill seven (7) directional “318a-e” wells, entirely at its own expense, from surface locations on the Property at:
