### **Best Management Practices**

**No BMP/COA Type**

**Description**

Operator Comments:

Noble Energy Inc is requesting an exception to the requirement of submitting open hole log for the Crow Creek AA01-743 (COA item #3). It is felt the Kehn USX AA1-2, (05-123-27164) which logged to 7020 feet, is a good substitute for the required logs. The log is doc #1371343. The Crow Creek AA01-743 is one of the wells for the pad. The other wells affected are the Crow Creek AA01-751 (05-23-40156) and the Crow Creek AA01-756 (05-123-40159). A map showing the distance between the reference well and the Kehn USX AA01-02 is included. The letter to the director is also included as required.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
