Hi Doug,

Per our conversation yesterday regarding the noted permit, I found an inspection report dated 3/21/14 for the Frank 22-34, Facility ID No. 273434 for Location ID 332477. Noble records show this facility is located 2720' north of the well location (please see aerial below).

I believe this is an instance of an older facility with no O&G Location ID assigned by COGCC.

Thank you.

Here's an aerial that shows Section 22. Let me know if you have any further questions.

 Facility for Frank 22-34

 Well Location for Frank 22-34
