Well log plot for well TD-6555. The vertical axis represents depth in feet, ranging from 5700 to 6600. The plot shows a vertical line for the wellbore and a dashed line for the casing. Key data points and annotations include:

- 76 and 83 at approximately 6100 feet.
- 18 and 22 at approximately 6150 feet.
- 13 at approximately 6350 feet.
- 55 at the bottom of the plot.
- Labels on the right: TOP 1, TOP 2, TOP 3, and TD - 6555.
