Comment	User	Date
Did not see the small impacted area created by the spill referenced in document #2147061. It must be further away from the location.	CostaR	12/05/2014
A Sundry notice form 4 (400681583) was submitted for this location and was improperly marked for final reclamation completion. This is a producing location and is therefore in the interim reclamation process.	CostaR	12/05/2014
