Mr. Kreick,

The Colorado Oil & Gas Conservation Commission (COGCC) is issuing the attached Notice of Alleged Violation (NOAV) to Kestrel Resources, Inc. for alleged violations documented at the Kincheloe #1 (API #121-05650) well and production facilities located in Washington County. Please note that the complete text of the NOAV does not fit in the space provided on the form, so it has been included as an attachment to the NOAV.

The original NOAV and attachment will be mailed today. If you have any questions regarding the alleged violations and required corrective actions, please give me a call.
Thank you,

John E. Axelson, P.G.
East Environmental Supervisor
