Operator Comments:

Synergy is drastically down-sizing the Gilbert pad and now plans to drill only 4 of the 16 permitted wells. This will cut the tank number down to 8 production tanks and 4 water tanks. The USR is in process with the City of Greeley. Included in the attachments are the revised Location Drawing, Production Facility Drawing, Multi-Well Plan, and the Landscape Plan.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
