### **CM Production LLC**

390 Union Boulevard, Suite 620, Lakewood, CO 80228  
Direct: 720.645.2092 I Mobile: 303.808.8840

Attention: Curtis L. Ditzell  
Vice President and Chief Exploration Officer

The pole that you are asking us to remove in the NW of section 11 2N- 49W is a guy stub with anchors on it that backs up the line that serves location 63-10-35 (NE10-2N49W) Petron Development Company. To remove this guy stub and anchors we would have to drop the line that serves this location and leave them out of power for the length of time that it takes your company to do the excavating and to get the results back. There is no other way to guy the takeoff pole for that account with the County road there.

Please contact me if you have any other questions.

Sincerely;  
Rodney Dunker  
Operations Manager
