Arellano 10-L Facility: NESE Section 10, Township 5 North, Range 65 West  
Weld County, Colorado**

Dear Mr. Lepore,

Bayswater Exploration & Production, LLC (Bayswater) has filed the Form 2A Oil and Gas Location Assessment (OGLA) for the proposed oil and gas pad referenced above.

Pursuant to COGCC Rule 305.c., Bayswater certifies that the required notifications to all Building Unit Owners within the Buffer Zone Setback were sent and was available for meeting and/or consultation. Bayswater received three (3) requests for meeting and/or consultation. Bayswater answered all questions satisfactorily; all were general questions regarding the timing of operations and the location of the facilities and wells. Everyone that requested a consultation was also invited to the Open House Bayswater is holding next week on January 27, 2015. This letter serves as Operator Certification that Bayswater has complied with COGCC Rule 306.e.

Bayswater respectfully requests the COGCC approve the Form 2A for the Arellano 10-L Pad and the Arellano 10-L Facility. Many thanks for your consideration of this matter.

Respectfully,

A handwritten signature in blue ink, appearing to read "ASL", is written over a horizontal line.
