1120 Lincoln Street, Suite 801  
Denver, CO 80203  
Attn: Mr. Matt Lepore, Director

RE: **Request to the Director for 317.r. Minimum Intrawell Distance Exception  
Colt A13-625**

Section 17: SW/4SW/4: Township 6 North, Range 63 West, 6th P.M.  
Weld County, Colorado

Dear Director:

The lateral path of NEI's proposed horizontal well will be located within 150 feet of an existing (producing, shut-in, or temporarily abandoned) or permitted oil and gas wellbore's treated interval as stated by Rule 317.s. Noble is the Operator of the encroached upon well, therefore no waiver is required. Please see Noble's Anti-Collision Mitigation BMP noted below.

**Roth A13-16**

**API: 05-123-26610**

Operator: **Noble Energy Inc**

SE/4SE/4 Section 13 Township 6 North, Range 64  
West, 6th P.M.

**109' S**

**Johnson A13-15**

**API: 05-123-26645**

Operator: **Noble Energy Inc**

SW/4SE/4 Section 13 Township 6 North, Range 64  
West, 6th P.M.

**97' S**

**Anti-collision:**

Prior to drilling operations, Operator will perform an anti-collision scan of existing offset wells that have the potential of being within close proximity of the proposed well. This anti-collision scan will include definitive MWD or gyro surveys of the offset wells with included error of uncertainty per survey instrument, and compared against the proposed wellpath with its respective error of uncertainty. If current surveys do not exist for the offset wells, Operator may have gyro surveys conducted to verify bottomhole location. The proposed well will only be drilled if the anti-collision scan results indicate that there is not a risk for collision, or harm to people or the environment. For the proposed well, upon conclusion of drilling operations, an as-constructed gyro survey will be submitted to COGCC with the Form 5.

Noble respectfully requests that the COGCC review the enclosed information and approve the requested exception location Application for Permit to Drill the captioned well.

Respectfully,

Justin Garrett  
Regulatory Analyst II
