13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Operator proposes to test well by wire line probe. If commercial oil is indicated, plan to complete well. If no commercial oil is found, propose to plug and abandon by filling hole with fine shale to within 10 feet from surface and cementing hole to surface & installing pipe marker properly inscribed with required data. Plan to clean location and abandon in accordance with regulations.

Conditions of Approval: 1) Contact BLM 72 hours prior to testing/P&A, 2) Cement must fill at least 50' from surface, 3) Steel pipe must be at least 10' long, 4' above ground, 4) Work must be completed by August 1, 2005.
