**Complaint**

**Comment:** Complaint DOC #s 200423835 and 200423838. Area residents to the North and East of the Locations are complaining about noise. Locations are the Elmquist and the Salisbury locations. Two sound surveys were run on 02/11/15. One sound survey was run at the residence to the North at 5:30 AM. The C scale average for this survey was 61.3 db. Sand trucks were observed driving by the microphone location at 6:00AM. Sound meter is set to central time so the times on the survey are an hour fast. A second survey was run at the residence to the north from 8:00 to 9:30. The C scale average for this survey was 66db. Both location were pumping on and off during the surveys. OGCC staff will return to the location tomorrow (2/12/15) to run another survey. Sound surveys are attached.

<b>Complaint:</b>				
Tracking Num	Category	Assigned To	Description	Incident Date
200423838	NOISE	Precup, Jim	<p>*Location: TWO ENCANA WELLS NEXT TO EACH OTHER. Thy are located close to the intersection of SABLE AVE and FRONTAGE ROAD for I-25 here in Firestone. These wells are with in 500 ft of the Colorado Army National Guard building. They are SOUTH of SABLE AVE 100 FEET AND JUST EAST OF I-25 BY APPROX 500 FEET*</p> <p>They just ramped up these two well sites 2-3 weeks ago and it has been vibrating my house at night to the point I can not sleep. I CAN'T TAKE IT ANYMORE! I am SO sleep deprived that I can barely function at the hospital I work at! The vibrations are VERY strong and come and go repetitively through out the entire night. It is hard to drive during the daytime because I am so tired from being woke up all night long. In addition, the audible noise that comes out of the top of these two sites at night and during the day is extremely loud. It sounds like a damn rock concert 24 hours a day. This company switched from a well just up the road on SABLE AVE a few weeks ago to these two most recent sites. I filed a complaint at that site and the volume was decreased slightly at that site only. I am BEYOND fed up with this crap. There are neighborhoods right next to these damn wells and these large powerful oil companies have no respect for the livelihood or safety of those of us who own homes here and are losing sleep and being tormented by the constant loud sound from these sites. I am giving the COGCC a chance to do their job and intervene on these sites. You should know that I have EVERY intention to pursue legal council at this point and seek out litigation regarding these matters if I am not FULLY satisfied with the outcome of this complaint. I WILL NOT BACK DOWN. When I call the police department to complain they give me your number to file a complaint. The town of Firestone city council web site also refers us to you to complain. Both entities are negligent and are not representing their tax paying citizens well by taking no action of their own to consider our livelihood as home owners.</p>	02/11/2015
