Shauna,

COGCC is in the process of reviewing the Form 2A for the Verdad Rowe 01N-65W-26 (document number 400777659). In order to complete our review, please address the following:

1. With your concurrence, I will add the MLVT to the facility list
2. The facility drawing does not match the facility list. Please confirm the number of oil tanks and separators that will on site. There appears to be a lot of equipment on the Facility list for one well.
3. Please resend the location picture from the site, as they will not open
4. The waste management plan references send cuttings and fluids to Garfield County or Rifle, Colorado. Please confirm the location for the waste.

Please let me know if you have any questions.

Thank you,

Rebecca

2. The facility drawing does not match the facility list. Please confirm the number of oil tanks and separators that will on site. There appears to be a lot of equipment on the Facility list for one well. [As shown on the facility drawing, there will be one tank battery \(3 oil tanks, 1 water tank\) and one separator on site. Sorry for the confusion on that!](#)
3. Please resend the location picture from the site, as they will not open. [Please find the location photos attached to this e-mail.](#)
4. The waste management plan references send cuttings and fluids to Garfield County or Rifle, Colorado. Please confirm the location for the waste. [I apologize for the confusion on this. Please find the correct Waste Management Plan attached to this e-mail. Are you able to swap this out?](#)

Please let me know if you have any questions.

Thank you,
Rebecca

Shauna,
Thank you for the information. Yes, I can swap out the WMP. The photos you sent were for the access road, which is in the system; I am looking for the site location pictures. For some reason I get an error when I try to open them.

Thank you,

Rebecca
