COMMENTS:

Due to engineering concerns and emerging data, the SHL and top of production of this well has been revised to minimize surface impact and maximize BHL efficiencies. Noble Energy certifies that there are no other changes to the permitted well, other than the location of the surface and top of production and the total depth of the well. The Lease, Spacing, and Pooling information, and BHL locations will not change. The nearest well will be the Colt A13-613 (API:123-40909).
