To: Jacob Evans <jacob.evans@nblenergy.com>

Jacob,

COCCC has reviewed the Ground Water Monitoring Report for the Miller South Spreadfield release submitted by Noble Energy, Inc. on January 5, 2015. In the report, LT Environmental proposed a reduced monitoring program that includes semi-annual monitoring of wells SB04R, SB05R2, SB06R, SB07R, SB11, SB14, SB18, and SB 23.

COGCC requests Noble to also include monitoring wells SB01R, SB12 and SB20R in the semi-annual monitoring program.

Reports may be submitted annually.

Please contact me with any questions regarding this project.

Regards,

Rick Allison, P.G.
