Address: 161 Hensen Dr Longmont

Nature of complaint: Noise

Field Inspector Actions:
 On 2-27-2015, I went back to the Bohrer location to attempt to perform a sound study at the location, Encana had completed the repair with the rig on location. I observed that Encana adjusted the lights on location by moving the lights from the NW end of the location to the south end of the location. The adjustable lighting on location was pointed toward the ground and toward the floor of the rig. Due to the 20 degree temperature I was unable to perform a sound study on location. I again attempted to contact the complainant at her residence and by phone. See attached photos.
