Dave,

From what I can tell, this amended Form 2A is a non-consult under 1202 d.(4). The conditions at this location have not changed substantially since our original onsite in Feb. 2012 to warrant another consult, so CPW's original comments on Doc #2286537 should still apply. We are still hopeful the SG will agree to the draft WMP that we have negotiated with them.
