Operator Comments:

The only change being made to this location is to the access road. PDC will be using the originally approved entrance in the center of the production facility as temporary access and be adding a permanent access entrance on the East end of the production facility. The surface disturbance will be increasing 0.7 acres due to this access road modification. The surface owner has been notified of the revision and has approved.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
