Operator provided documentation via their consultants GeoEnergy Monitoring Systems showing that there was no significant seismic activity adjacent to the following NGL Water Solutions DJ LLC wells between October 15, 2014 and April 11, 2015.

NGL #C4A	(API: 123-35841)	SWSE 26-6N-65W	Weld County
NGL #C3A	(API: 123-40194)	SWNW 13-10N-61W	Weld County

The consultants showed that the monitoring equipment was sensitive enough to detect seismic events as small as M1.0 on the Richter Scale.

Between January 1 and April 23, 2015 a USGS Hazards Program-Archive search shows no earthquakes greater or equal to a magnitude 2.5 in this area.
