Dear Mr. Lepore:

Bill Barrett Corporation ("BBC") is planning to drill the captioned boundary well in accordance with the provisions of COGCC 318A.e.

BBC's wellbore spacing unit consists of section 15: W/2W/2, section 16: E/2E/2, section 21: E/2E/2, section 22: W/2W/2, creating the above referenced spacing unit in which we will target the Niobrara formation. I certify that all of the owners within the proposed wellbore spacing unit were noticed and no objections were received.

Enclosed is a copy of the following document to assist you in your review and approval of BBC's proposed changes for the captioned well.
