RE: Field Inspection (No. 674900452) of Hamilton Creek State #36-23 (Facility ID 271189)

Mr. Hughes,

This letter is to inform the Colorado Oil and Gas Conservation Commission (COGCC) of CCI Paradox Upstream LLC's (CCI) completion of Corrective Actions as identified in the April 02, 2015 field inspection report (Document No. 674900452). The Corrective Actions and CCI's responses are summarized below:

Inspection Topic	Inspection Comment	Corrective Action	Corrective Action Due Date	CCI Response
Facilities	PBV has no capacity listed. Placards have conflicting information.	Install tank labels to comply with Rule 201.d.	05/08/2015	Status: Complete On 5/4/15 CCI installed a tank label on the PBV in compliance with Rule 201.d. See Attachment A.
Facilities	Verbal inspection comment requested netting over secondary containment holding two 55 gallon drums	Place netting over secondary containment to prevent wildlife from entering.	05/08/2015	Status: Complete On 5/4/15 CCI removed the secondary containment holding the two 55 gallon drums.
Equipment	NW marker has been broken off	satisfactory	n/a	Status: Complete On 5/4/15 CCI repaired broken marker. See Attachment B.

The April 02, 2015 inspection report stated that the aforementioned Corrective Actions were to be completed no later than May 8, 2015. CCI received the inspection report on April 10, 2015. As such, CCI complied with the Corrective Actions by March 7, 2015, which is within the specified time frame. Attachments A-C includes photos illustrating the corrective actions taken by CCI.

If you have any questions, please contact me at 281.714.2966 or chrissy.schaffner@cci.com.
