Please find attached the revised Access Road Map, please replace with the old Access Road Map on Doc#400755069.

Please let me know if you have any questions.

Jennifer,

I wanted to make sure the attached is the new map, since it still uses Fairview Street. Also as part of the COGCC review of the Fairview 5-I Pad Form 2A, please address the following questions.

1. the footage surface distances from the section lines appear to be measured from the town lines from Firestone and Longmont and not the BLM section lines. Please confirm the distances to the south and the west of the proposed location.
2. Both a High Occupancy Building Unit and a Designated Outside Activity area are within a mile of the proposed location. Please send updated distances from the proposed location to these areas.
3. Please address Rule 604.c.(D), with specifics based on the Town of Longmont's comments.
4. Please address Rule 604.c.(O) as a BMP.
5. Please provide a copy of the surface use agreement.

Let me know if you have any questions.

Thank you,  
Rebecca

**No, this is the correct one (attached), I do not know why it didn't load the right file, I am perplexed!**

**To answer your questions below:**

1. the footage surface distances from the section lines appear to be measured from the town lines from Firestone and Longmont and not the BLM section lines. Please confirm the distances to the south and the west of the proposed location.

As we discussed our section lines have been confirmed by our Certified PLS and the BLM section lines are outdated. The most recent monument for that SW corner of Section 5 was confirmed in 1996 according to the State Board Monument Records. All distances are correct.

2. Both a High Occupancy Building Unit and a Designated Outside Activity area are within a mile of the proposed location. Please send updated distances from the proposed location to these areas.

There are no High Occupancy Building Units within a mile of the proposed location.

FORM 2A

Distance from **WELL** to Designated Outside Activity Area is 1,919 feet

Distance from **PRODUCTION FACILITY** to Designated Outside Activity Area is 2,046 feet.

FORM 2

Distance to Designated Outside Activity Area is...

Fairview 1 – 1,972 feet

Fairview 2 – 1,965 feet

Fairview 3 – 1,960 feet

Fairview 4 – 1,953 feet

Fairview 5 – 1,948 feet

Fairview 6 – 1,942 feet

Fairview 7 – 1,939 feet

Fairview 8 – 1,934 feet

Fairview 9 – 1,928 feet

Fairview 10 – 1,923 feet

Fairview 11 – 1,919 feet

3. Please address Rule 604.c.(D), with specifics based on the Town of Longmont's comments.

Access Road will not be utilizing Fairview Street, please see attached revised Access Road Exhibit.

4. Please address Rule 604.c.(O) as a BMP.

Not applicable. Never have used this BMP on any site we have permitted in the past.

5. Please provide a copy of the surface use agreement.

Please see attached.
